

**Prevention
is so much
cheaper**

SARRACCO
Sentinel
Fire & Security Services

...but fire is not your only concern.

**Theft, Violence, Vandalism, Access Control
Emergency Notification Systems, 24/7 peace of mind.**

Today's workplace is more complicated than ever before. Businesses are facing an entirely new age of security issues including shoplifting, theft and lawsuits. In addition, government regulations for commercial fire alarm inspection and testing has become strictly regulated.

Since 1975 Sarracco has brought you cutting edge mechanical services, including comprehensive security packages.

Sentinel Fire & Security Services take great pride in offering a complete range of commercial security systems to meet any and all of your needs.

Our highly trained fire alarm or security staff will work with you to design and implement a customized system that fits your particular business needs and budget. And, while Sentinel uses the best of class technology, we don't use proprietary parts so you are never scrambling for high priced replacement parts.

Complete Turnkey Fire & Security Services:

Design and Consultation

Free consultation to understand your needs and options.

Installation

With over 30 years of technical services experience, we know how to do the job clean, fast, and right!

Digital video surveillance:

- Deter theft, violence, and vandalism
- Supply solid evidence against claims
- Limit false liability lawsuits
- Allow easy identification of violators, trespassers, and intruders
- Remote access to live feed or video archives through the Internet

Access Control:

- Eliminate the need for keys which are easy to duplicate
- Eliminates the need for lock changes after employee termination
- Screen visitors with remote unlock options
- Lock perimeter doors at set programmed times

Fire and Intrusion Detection Systems:

- Custom designed
- Installed based on local and national codes
- No proprietary technology - easier part and component replacement
- 24-hour monitoring
- Easy expansion/upgrading capabilities

Emergency Notification Systems:

- Nurse Call - enable hospitals and nursing homes to stay in communication
- Area of Rescue - help firefighters locate persons who need emergency assistance
- Infant Abduction Alert - monitor the child's location in a hospital at all times.
- High/Low Temperature Alert

24-hour Monitoring:

- Our state-of-the-art central monitoring station operates 24/7, 365 days a year
